Neck finish:	
Colors & dyes body:	
Colors & dyes on neck:	
Pickguard:	
End pin:	
Strings:	
Case / gig bag:	Lakewood Gigbag

You've had a Lakewood guitar for a long time and now you cannot find it within our guitar range? Maybe you are luckier here. . . This is a list of older guitar models that have been taken out of the series program. Most of them are still available via our customshop.
The D-1 was part of the basic series from 1999 until 2005. Some of them had a pickup system installed (B-Band New Frontier or A-1) and in that case have the name "D-1 P". The regular necks have been 44mm wide, although we built many with so-called "New Profile", which is 46mm wide. Some earlier models also had rosewood fingerboards and bridges instead of the ebony ones.
