Our Natural Series is all about natural beauty! Wood and form speak for themselves and can be appreciated by touch. Simplicity, utility and highest quality are combined in an unbeatable, conscious understatement.
Spruce for the top and sapele mahogany for the back and sides form one of the most classic tonewood combinations in modern guitar making. In the M-14 CP 65 Natural, this results in a very well-balanced instrument that reproduces even pronounced bass lines with ease. Despite offering a little more brilliance and punch than the M-14 CP 63 Natural, it still retains a rich and full-bodied midrange.
